Dear Colleague,

I am writing to inform you of our new **Cardiovascular Imaging Clinic**.

Xray Associates, a leader in the field of diagnostic imaging, is now offering a wide range of imaging services through its new cardiovascular imaging clinics. Our services can provide complete evaluation of your patients including diagnosis and screening of multiple cardiac and vascular related diseases some of which include:

- Carotid Artery Disease
- Coronary Artery Disease
- Peripheral Vascular Occlusive Disease
- Abdominal Artery Aneurysm Screening
- Venous leg dopplers for pain and swelling
- Cardiomyopathy

We are happy to accept referrals for Carotid and Leg Dopplers, Peripheral Doppler Assessment, Vascular Ultrasound, Echocardiograms, ECG and Cardiac Stress Testing, and Myocardial and Ventricular Perfusion studies.

The advantages of having us image your patients are:

1. Our current state-of-the art equipment.
2. Same day appointments if requested or urgent
3. 1 hr turnaround for urgent or verbal reports
4. Direct referral and coordination with physician's office or Emergency department if a positive significant result is found.
5. Online access to your patients images and reports.
6. Onsite cardiologist
7. Fellowship trained Radiologists who are hospital appointed at both Southlake Regional Health Centre and York Central Hospital.

Your patient's health is our primary concern. We want to ensure you that we offer the best service available to help you appropriately and effectively manage your patients.

Sincerely,

Vince Partap MD FRCPC
